Fantastic morning Tracey:

What you don't know is,  
I "ALWAYS" take credit for "EVERYTHING THAT WORKS OUT SUPER",  
and the rest I blame everyone else, I'm a typical guy!

What you need to know is that when you, or anyone you send our way,  
buys product from ASD, they end buying our entire "family".

I am surrounded with the highest quality set of professional in " this" industry.  
It will be impossible for me to fail, with this safety net that has been built for me.

I have copied all of our people involved.

I am passing along your e-mail, and I sincerely thank you for the business and the referrals.

Your word is far superior to any advertisement we could place.

Thanks for your trust in our family!

Enjoy your new husband & home you are building together, you deserve nothing but the best!

John,

We love our door!!! Thank you, thank you, thank you! We will get a check  
for the balance in the mail to you this week. I will also send you some  
pictures of the house with the door installed. (I have to find my camera  
charging cord first - ugh!)

Thank you again - It has been a wonderful experience working with you and  
your company. I will recommend you to everyone I know. (Already have  
recommended you to several people.)

Have a great week!
